

Website Development Holland Village Jakarta

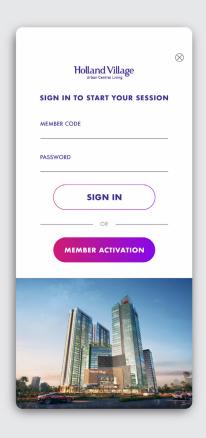

Developing website for a mixed-used development by Lippo Homes, one of most well-known developer in Indonesia. The main purpose of these website besides product knowledge but also main platform for leads generator and marketing platform for the users.

So In this project we are not only designing the front end of the user interface but also crafting the flow and experience to persuade users to buy or at least consider the product through various and unique features such as, KPR Simulation, Market Comparison, and gamification system to get special gift.

HOLLAND ONE

STEP INTO INTO AN URBAN SANCTUARY OF LUXURY AND COMFORT, AFTER EXPERIENCING THE EXHILARATING WHIRIWIND THAT IS JAKARTA, RETURN TO THE SERENITY OF HOLLAND ONE AT HOLLAND VILLAGE.
