

KFC Indonesia

Stay at Home, Stay Original

Our services:

Digital Film

For instance in this crisis, KFC plays a role in conveying positive messages and encourage people to obey government regulations which is, #stayathome. To achieve the goal, we collaborate with KFC Indonesia and audiences to make a campaign that the bottom line is although you are staying at home, don't take this as an excuse to be unproductive. Instead, take this opportunity to grow, to explore, and to spread positivity.

As a result, here we present to you a beautiful campaign video with real footages while at home from all KFC lovers!
